

**PARTNERS IN PROSPERITY**  
Enriching people and planet

## Capability Statement

### About Us:

We are value driven enablers who specialise in system level approaches to analyse complexities, develop solutions and help implement the same towards achieving equitable economic and social development outcomes, in pursuing Sustainable Development Goals that includes water and other natural resources.

Established in 1998, Partners in Prosperity (PnP) is registered as non-profit entity, under the Societies Registration Act of 1860, Delhi. PnP is authorised to receive foreign contribution and exempted from Income Tax under Section 12A and 80G.

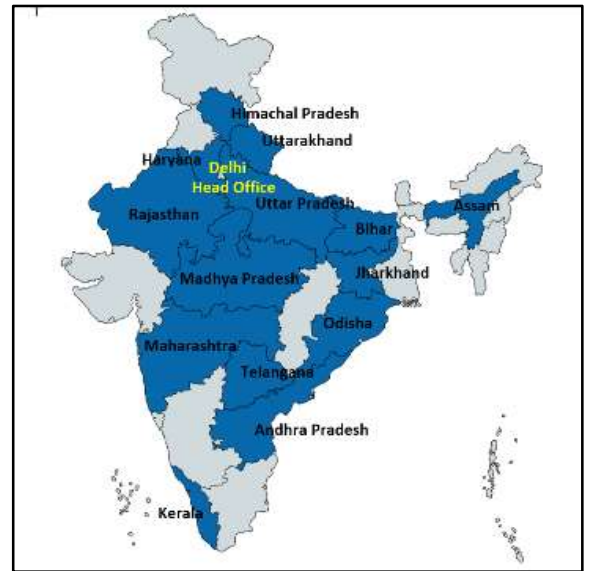

We function from our central office located in New Delhi and camp offices in Hyderabad, Telangana; Vishakhapatnam, Andhra Pradesh; and Nainital, Uttarakhand. PnP is geographically agnostic in consulting and capacity building initiatives, whereas with regard to project implementation, we have selective geographical focus areas (shaded areas in the map), where we have an excellent community outreach.

### Our Vision:

A healthy and prosperous planet, and people (HP3).

### Mission:

To sustainably alleviate poverty, build healthy environment and secure livelihoods for all, in partnership with governments, communities, enterprises and other institutions.

*Our Presence*

### Our Team:

The PnP team comprises of 20 management and technical specialists with multifarious experience in results-based management, water resources management, gender equality, climate change adaptation, natural resources management, forestry, climate resilient agriculture and microfinance. PnP is governed by a board of twelve accomplished members, drawn from diverse areas of expertise.

We have Credibility Alliance accreditation and are part of diverse networks on water productivity enhancement, Value Chain Network, Nutrition Coalition, water efficiency based crop diversification and Climate Action Network South Asia (CANSA).

### Why Choose PnP?

As an impact driven organisation, PnP is innovative and multidisciplinary in its approach. We not only offer a wealth of skills, knowledge, expertise and experience in the area of water resources management, climate change and agri-value chain, we are also seasoned practitioners working in diverse sub-sectors of gender-balanced, water productivity oriented climate resilient development, in productive partnership with stakeholders at different levels, in several countries and regions. The factors which differentiate us from others, include:

- Global reach with close international networks in West Europe, notably in Switzerland
- We operate at different levels (Policy, Practice, Science, Knowledge, System, Technology, while retaining holistic perspective
- We possess the strategic orientation of a social enterprise
- We are governed by a professionally experienced governing body

### Partners in Prosperity
